Dear Sirs,

s.s. "Lima" Your No. 306.

With reference to your recent letter re steel plates supplied for above steamer during the years 1906 and 7, as stated all our records for this period have been destroyed. We understand, however, that you are satisfied the whole of the material was supplied by us, and this being so, we are prepared to state that same was duly passed by Germanischer Lloyds Surveyor in accordance with the rules of that Society.

We trust this will be satisfactory for your purpose.

Yours faithfully,
