This vessel became due for Annual Boiler Survey in May last, but the Owners now state that they have decided to withdraw her from the Society's Classification. The Kobe Surveyors state that they understand the steamer is to be employed in future in coastal trade only.

In the circumstances the Classing Committee, who had the case before them on Friday, 12th instant, decided to give instructions for the vessel's character to be withdrawn from the Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.
