Date: 14th May, 1958

Name: s.s. "DOREA"

QUESTION

ANSWER

With reference to my classing letter of the 21st February, I shall be glad to learn what arrangements have now been made for the Special Survey to be held.

With regard to the Main Boiler Survey, an examination of the boilers was made at Kobe in January last, and this was accepted, without fresh record of survey, on condition that a complete Main Boiler Survey be held on the occasion of the Special Survey in June, 1958.

Date:— 24th May, 1958.

The Owners state:—
This vessel is en route to Bandar Shapour to discharge her sugar. By our reckoning she should be proceeding to Kossier to load her cargo of Phosphate Rock for Japan in the latter half of June and reach Japan before the end of July, or with some slight delay, in early August, when we shall dry-dock her at Sasebo.

Reservation will be made with the Sasebo Dockyard very shortly.
