Dear Sir,

With reference to the cases of the "FORT FRASER" etc. I enclose a copy of a reply which has been received from the Vancouver Surveyors to an enquiry made of them as to whether the openings in the tween deck bulkheads had been closed in accordance with MS Circular No.1835.

I also enclose a copy of a memorandum regarding a telephone conversation with Mr. Butterwick of the Admiralty on this question and shall be obliged if you will endeavour to arrange in accordance with the wishes expressed therein in the case of any sister vessels of this programme which may not have yet been completed.

In view of the above, a reply is not being sent to the Vancouver Surveyors from this office as the matter is being left in your hands.

I am, Dear Sir,
Yours faithfully,

pro Secretary.

Wm. Bennett, Esq.,
