Dear Sir,

com
Steamers "NAVEM HEMBURY" & "NAVEM MONICA" *D*

We thank you for your letter of the 13th. instant concerning the outstanding surveys of the subject ships. The former vessel, we are advised, will not be able to carryout her Boiler Survey at this time but, on her return from Porto Alegre, in the South of Brazil, and to which port she is about to proceed, the Owners state that they ought to be able to drydock their ship, effect necessary voyage repairs and carryout the B.S. including boiler repairs. They appreciate the position with regard to the ship's Class.

The "NAVEM MONICA" is expected at this port on the 18th. or 19th. of May, 1962, when the ship will be drydocked if possible but, in any case, the Owners expect to be able to effect the outstanding Boiler Survey.

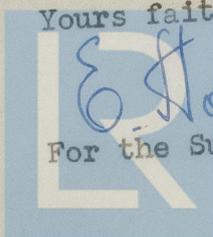

Yours faithfully,

E. Stamer
