Main Boiler Survey due 3.61.
Screwshaft Survey due 8.61.
The ship has the notation SS(M) 3.60-2 years.

ing items
held).....

ments
agreed

On 16th August the Rio de Janeiro Surveyors stated that the ship was drydocked in March, 1961 without them being advised.

proposal

The Owners have informed the Rio de Janeiro Surveyors that they will endeavour to carry out the Boiler Survey towards the end of November (8 months after due date), but that they can only arrange for Docking and Screwshaft Surveys about April, 1962 (8 months after due date of TS - 26 months after last Docking Survey - 1 month after due date of SS). It is stated that the ship trades only in Brazilian waters.

ation

There is no technical objection to this proposal but conclude that a S.S. will definitely be held 4.62.
