19 OCT 1959

Reference  
SSN(S)

Dear Sir,

"NAVEN MONICA" & "CHUY"

With reference to your letter of the 18th September, 1959, we are now able to report that both ships will be drydocked at this port early next month, and they expect to be able to complete the Special Surveys at this time, even though they intend converting the "CHUY" to oil fuel early in 1960.

We, therefore, beg leave to enquire as to whether the Committee's recent decision with regard to the Class of both these ships might now be more favourably considered.

Yours faithfully,

*E. Hawley*

For the Surveyors.

The Secretary,
