-----

In January last the vessel's class was continued subject to repairs being effected to some combustion chamber stays in the main boiler before the end of June 1931.

In reply to enquiry, a letter has now been received from the Owner stating that he no longer desires to retain the vessel's class with this Society.

The case received the consideration of the Classing Committee on Tuesday, 21st instant, and in the circumstances it was decided to give instructions for the vessel's class to be withdrawn from the Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owner's request.

  
23rd July, 1931.
