RECEIVED

Dear Sir:

S/S JOSIAH MACY

The Society's Surveyors at Bordeaux
furnished me recently with copies of certificates,
together with an extract of their report 5491, re-
lating to the survey of the above named vessel and
advised that the master stated the Special Survey
would be carried out on her arrival at this port.

Accordingly, I have been in touch with the
owners who inform me that it has been decided to
place the vessel in lay-up status.

Yours faithfully,

Principal Surveyor, U.S.A.

The Secretary
