s Name: m.v. "EL BUARO"

We refer to your letter of 3rd June and previous correspondence in connection with the above vessel.

We have just heard from our Field Manager that our agents in Guayaquil have made numerous efforts to sell "BUARO", and recently they have been negotiating with a possible buyer so far without result.

We will advise you immediately a sale is completed successfully, meanwhile, the vessel will continue to be kept up in the River Guayas.
