11th June, 1937.

Dear Sirs,

M.

I have to inform you that the steel twin screw tanker "BACHAQUERO", Messrs. Furness Shipbuilding Co.'s Yard No. 266, has proceeded to your port with a view to the installation of the machinery.

To complete the survey on the hull the following remains to be done:- Examination of steam windlass, steam steering gear and auxiliary steering gear under working conditions, completion of engine and boiler casings after the machinery has been installed.

I shall therefore be glad if you will be good enough to give the case the necessary attention, and, on completion of the work, to forward a report on form No. 8 with a view to the classification of the vessel.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

NEWCASTLE-ON-TYNE.
