Particulars of Classification (which must be inserted precisely as in Register Book and Supplement)

Surveys must be reported in the terms of the Rules. The nature and extent of Examinations and Repairs (if any) must be stated in detail, the parts examined and their condition being clearly indicated. For Annual, Special or other Condition Surveys the Summary of Examination and Condition on the back of the Report is to be carefully completed and amplified if necessary in the body of the Report. Outstanding items to complete the Survey should be summarised at the end of the Report. The reasons for Repairs must be stated. Repairs on account of Damage (the alleged cause of which must be stated) should be separated from Repairs due to other causes, and, besides being detailed in the body of the Report, should be summarised in the form below. When, at a Special Survey, the Shell and Deck Plating is drilled the results must be reported on Report 8(Dr). Whenever Anchors or Chain Cables are replaced or retested the necessary particulars are to be given on Report 8(Eq) which is to be attached to this Report.

Give dates and references to any letters relating to this Report.

EXAMINATION AND REPAIRS AS PER RULE FOR A.F.S. & GENERAL EXAMINATION

(See Secry's letter dated 1st April, 1960)

Wear and Tear Repairs Now Done:

Sixty three wood hatch covers renewed on upper deck

Fore peak hatch toggles overhauled

Hatch locking bars and cleats overhauled as necessary

Defective guard rails repaired.

Two sidelight glassed and 2 rubbers ft renewed.

A satisfactory General Examination afloat having been carried out at this time in accordance with Circular No. 1959 (see Secry's letter dated 1st April, 1960) it is submitted that the Owners request to have the Special Survey (due 5.60.) postponed until January, 1961 merits the favourable consideration of the Committee.

Note:- This ship has been sold to COMPANIA DE NAVEGACION INDOMITUS S.A. and renamed "NATALE" Port of Registry PANAMA.
