Lloyd's Register of Shipping.

Port Halifax, Nova Scotia,

Port Halifax, Nova Scotia,

3rd July, 1947.

3rd July, 1947.

This is to Certify that

GEO. PEDDIE

the undersigned Surveyor to this Society did at the request of Messrs. Trenton Steel Works, Ltd., attend at their Works at Trenton, N.S., on the 22nd June, 1947, and subsequently at Halifax Shipyards, Ltd., Halifax, N. S. for the purpose of testing and inspecting One (1) Piston Rod, intended for the S. S. "EMPIRE SUCCESS".

The forging was suitably heat treated, and test pieces subsequently taken from same were subjected to the tensile and bend tests as prescribed by the Rules of this Society, with the following satisfactory results:-

Description	Heat No.	Ult. Tensile (lbs. per sq. in.)	Elongation (% in 2 ins.)	LLOYD'S No.
Piston Rod	180	70,800	33.0	A-225

Bend Test:- Through 180° without fracture.

The forging was examined in finish machined condition and as found, so far as could be seen, sound and free from defects.

For purposes of identification, the Piston Rod was stamped as follows:-

LLOYD'S A-225 G.P. 26-6-47.

Geo. Peddie
Surveyor to Lloyd's Register.

This certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:-

"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
