

ARD REPORT on the

S.S. "Kawatiri" ex Shadrastan.

It is submitted new certificates in the new name be sent for issue to the owners.

The surveyors should forward the usual verification of marking form.

Their attention should be called to the official number which is given as 75355 on their Interim Certificate. It would appear that this number should be 136153 as originally assigned by the Registrar of Shipping in London. They should therefore fill in the correct number on the certificates before issue and advise this office. The statutory fee of £9 should be changed.
