S

Dear Sirs,

With reference to your letter of the 7th instant regarding the screwshafts of the motor yacht "ALISDAIR", Messrs. Sidney C. Ross & Co., the Owners' Consultants, telephoned this morning to the effect that they were surprised to receive intimation from Grimsby that you had condemned the shafts.

This decision was, in their opinion, both late and unexpected, and they asked for a second opinion.

In the circumstances, instructions were given to Mr. McMillan, the Society's Principal Surveyor for Hull, to join you in a further inspection and he has doubtless by this time arranged with you to attend tomorrow for this purpose.

He will also speak to you regarding the cases of the "BELLONA" and "KRYNOR."

Yours faithfully,

Clerk to the
Classification Committee

The Surveyors,
GRIMSBY.
