No. 490

12th February, 1951.

ssn.
RNC

Dear Sir,

With reference to my telephone call this morning, I give below the names of the ships concerning which we wrote to you on the 30th October and 10th ultimo, and shall be obliged if you will kindly endeavour to ascertain and let me know whether it is desired to maintain their classification namely,

"ALEKSY"
"HILARY"
"JANUARY"
"KSAV' LKY"
"M'RKURY"
"NEPTUNIA"

"PETR. 'BELYKY"
"PILOT 50"
"POKUCIE"
"POLESIE"
"SATURN"
"SATURNIA"

"UTANIA"
"VALLIN"
"VEGA"

You will appreciate that in each instance, either a survey or some classification requirement is due, and the cases must shortly be submitted to the Committee for their consideration and they will doubtless not agree to the classes being further maintained unless the overdue surveys are dealt with.

While writing, I would also refer to the under-mentioned cases, namely,

ler "JUPITER" Boiler Survey due 7,50, partly held.
Special Survey due 9,50 (held on hull and partly held on machinery)

ler "KACTORIA" Set over stem and stem plating, to be examined and dealt with as necessary by 1,51.
Boiler Survey due 3,51.
Special Survey due 4,51.

"DZIK" Boiler Survey due 6,50

and would remark that, in the absence of any definite arrangement being made for the outstanding items to receive attention, these cases also will be submitted to the Committee for the cancellation of class.

There is one further case, the steamer "JO' ISZ", in which a Boiler Survey will become due at the end of

./- next month, and

Foundation

next month, and information is desired as to whether the Owners intend to maintain class, as intimated in my letter to you on the 30th October last.

Yours faithfully,

Assistant
Clerk to the Classification
Committee
