Validity of "Examined" notation expired 9.47.

Last Special Survey held 1937.

First priority case.

In December last the Malta Surveyor forwarded a letter from the Owners in which it was stated that they had concluded the sale of the vessel and were awaiting the arrival of the Buyer to take the necessary steps for the transfer of Ownership, and they asked for an extension for the Winter period before submitting the vessel to Special Survey.

The case received consideration on the 19th December last when the Malta Surveyor was requested to inform the Owners that, as the last Special Survey was carried out so long ago as 1937, the Committee were unable to agree to any postponement of the Special Survey now required, and unless the vessel was submitted to Special Survey at once, her class would be dealt with without further notice.

In reply to enquiry the Malta Surveyor now cables that the vessel is laid-up at that port indefinitely.
