QUESTION

ANSWER

With reference to your memorandum of the 18th May I shall be glad to learn whether you are in receipt of any further information regarding the overdue surveys.

D.

Date:— 27th September, 1956

This Vessel is still laid up at Genoa.

Letters have been written by us to the Owners regarding the overdue Surveys but no reply has yet been received from them.

On the 15th September we could contact by phone the Manager, Mr. Tortora, who stated that probably the Society's Class would have not been maintained, but that a final decision to this respect had not yet been taken by the Owners. He promised to give us a written final reply on Thursday 20th instant, but this date elapsed and no reply was received from him. We have phoned again to-day to Mr. Tortora, but we were told that he is now out of Italy and that he will not be back before the end of next week. In his

Office nobody could tell us anything  
regarding the case of this Vessel.
