No. 62/S.265

Port HAMBURG

4th October, 1962

**This is to Certify** that

B. Haar

e undersigned Surveyor to this Society did at the request of
rs. Mehmet Celasun, Hamburg, and on behalf of the Owners attend on
rd the ship "IZMIT" 3368 tons gross of Istanbul, as she lay up at
burg on the 4th October, 1962 for the purpose of examining the ship
hulk.

following items have to be dealt with:-

All ship's side openings to be blanked off.
Drill holes in weatherdeck platings and poopdeck plating (ps)
forward to be tightened.
All vent coamings and airpipes to be closed.
The Tonnage openings (p&s) in after bridge end bulkhead to be
closed.
All hatchways to overhaul and hatchbeams and hatchcovers to
change or to renew as found necessary. One good set of tarpaulins
to fit on top of the present tarpaulin. Securing arrangements to
be provided after the tarpauline have been battened down.

The above recommendations have been made to put the ship in efficient
condition to be towed as hulk from Hamburg to Istanbul in ballast
condition.

) Soundings taken from all hold bilges and double bottom tanks and
checked with previous soundings since Nov., 1961 and showed no
sign of leakages.
) Found windlass still working to drop the anchors.
