Dear Sirs,

With reference to your First Entry Report No. 87264 on the new steamer "NORTHWESTERN MILLER", I have to request that you state whether the collision bulkhead extends to the shelter deck.

The report is returned herewith, and I shall be glad if you will enter thereon the spacing of the rivets connecting the frame and shell, & the size of the intermediate reversed frames in way of the double bottom.

The sketch of midship section is also returned, and I have to request that you will amend the plan in regard to the items indicated in pencil.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,
NEWCASTLE.
