Dear Sirs,

"OILFIELD".

With reference to the survey for Classification now being held on the above vessel, I think it well to confirm the following arrangement which has been agreed to regarding the machinery.

All parts now opened up will be credited towards the Special Survey. If the survey on the hull is completed at this time, the Committee will not withhold the Special Survey notation on the hull, provided the machinery survey is completed within 12 months of the date assigned for the hull.

I trust that this makes the position quite clear.

Yours faithfully,

W. Southwell
for The Surveyors.
