# Lloyd's Register of Shipping,

Powell Duffryn House,  
~~Leicheux Buildings~~, Adelaide Street,

Swansea, 10th April, 1948.

Dear Sir,

S.S. "OILFIELDS".

With reference to your letter of the 7th inst., respecting our report No. 24092 on the above vessel, we beg to reply as follows: -

MAIN CABLE.

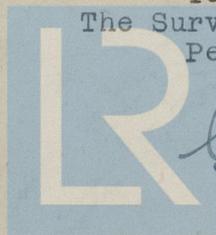

We regret to inform you that we were in error in reporting only 10 fathoms on board, as in the Surveyors journal 270 fathoms is stated.

TANK TESTING. (Cargo Tanks)

From the report it would appear that only the side tanks were tested on account of the strapping of the deck and bottom, and therefore, all testing will require to be carried to complete the Special Survey if the side strapping is dealt with at the same time.

We are, Dear Sir,  
Yours faithfully,  
The Surveyors,  
Per: *[Signature]*

Secretary,  
LONDON.
