C O P Y

LLOYD'S REGISTER OF SHIPPING,  
LISBON.

3rd March, 1954.

Dear Sirs,

Trawlers "PARGO" & "GORAZ"

I have to acknowledge receipt of your letter of the 4th February, in connection with the findings of the court of appeal in the case of the above vessels, together with a copy of Mr. van der Weel's letter to you of the 1st February.

To date I have heard no news of Messrs. Arrasto's plans in regard to classification, and would point out that their request for our survey during construction was probably more to ensure reliable supervision than for any other reason; and even had there been no question of litigation, the class would have been allowed to lapse.

I shall, however, keep you fully informed of any move on the Owners part, and shall attempt to ascertain their views on maintaining the class of this vessel.

I regret the delay in answering, due to my absence on an official visit to Las Palmas.

Yours faithfully,

J. GUTHRIE.

The Secretary,  
LONDON.
