QUESTION

ANSWER

With reference to your memorandum of the 21st August last and previous correspondence, I shall be glad if you will confirm that this ship is still laid up at Jacksonville.

I think it well to point out that in addition to the Special Survey, Main Boiler Survey and Screwshaft Survey, previously noted as overdue, the Steam Pipes Survey became due according to the records in this Office in September, 1957.

Date:— March 29th, 1960

This ship is still laid up at Jacksonville.
