Dear Sirs,

"PRINCESS JULIANA".

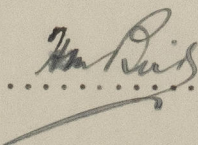

We thank you for your letter of the 11th instant and have to inform you that the above vessel is still laid up.

We note your remarks that the Annual Boiler Survey was due at the end of January, but we would suggest that this be left over until such time as this vessel is put to sea, when we will advise you, and then arrangements can then be made for your Surveyor to come over and make the necessary inspection.

We trust this meets with the approval of your Committee.

Yours faithfully,

per pro TAYLOR & TOMLINSON LTD.

.....Secretary.
