FAM

Dear Sir,

I am in receipt of a copy of a report dated 23rd April of survey held by Mr. C.J. Hudson at Newport News on the steamer "MANOA" for the purpose of ascertaining what repairs were requisite for the maintenance of the vessel's class.

It is noted that Mr. Hudson states in his report that this survey was at the request of yourself and on behalf of a prospective purchaser, but he does not state that the Owners of the steamer were consenting parties, as should have been the case, and I shall be glad if you will kindly advise him that this should always be stated in the report.

I have further to say that as this is a classed vessel, the survey held by Mr. Hudson should be reported on Form Report 8 with a view to its being submitted to the American Committee in the ordinary course, and perhaps you will kindly see that this is done.

I am, Dear Sir,
Yours faithfully,

James French, Esq.,
NEW YORK.

Secretary.
