Dear Sir,

In reply to Classing letter of the 10th instant with reference to steamer "MANOA" (Cardiff Report No. 42713), we beg to state that the weight of 45 fathoms 2.2/16 chain cable is correctly given on report. Two short attachments (10'-6" each) having a collective weight of 10cwt, are also included in same certificate, but were inadvertently omitted from report.

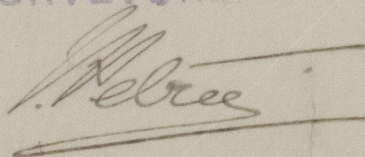

This chain cable (understood to be of German manufacture) was retested at this port, to meet Board of Trade requirements for passenger certificate.

We are, Dear Sir,

Yours faithfully,

THE SURVEYORS
