ENCLOSURES.

13th March, 1928.

Dear Sirs,

I enclose herewith a debit note for £4:4:0, being the amount of fees due in respect of a survey held at Aberdeen in November last on the Steam Trawler "SAVARIA", together with copies of the correspondence which has taken place between the Aberdeen Surveyors and the Owners.

With regard thereto I shall be glad if you will be good enough to arrange for a call to be made upon the Owners, who are at your port, and inform them that no special request is necessary for the Society's Surveyors to attend when repairs are being carried out to a classed vessel, and that their attention was called to the Section of the Society's Rules applying to this point in the letter addressed to them by the Society's Surveyors at Aberdeen on the 12th December. Further, that under the Society's Rules all survey fees require to be paid in order to entitle the vessel to retain her class in the Register Book, and you might ask them if they will be good enough to settle this
