24 NOV 1949

Lloyd's Register of Shipping. C.2307.

Port of LEITH,

6th July, 1949.

This is to Certify that

ARTHUR W. OXFORD

undersigned Surveyor to this Society did at the request of
Messrs. Brown Bros. & Co., Ltd., Rosebank Iron Works, Edinburgh,
attend at their works on the 17th June, 1949, for the purpose
examining and testing one Combined Steam and Hydraulic
Reversing Engine No.R.4965, 11" x 13" A2, made to the order
Messrs. Mercantile Marine Engineering and Graving Docks Co.,
intended for the s.s. "GEORGIJ SEDOV".

The Cast Iron Steam Cylinder, having been tested to
2,240 lbs. per square inch and the Cast Iron Hydraulic Cylinder
2,240 lbs. per square inch were stamped accordingly. The
vessel was also tested to 300 lbs. per square inch with
satisfactory results.

On completion of erection the engine was tried under
pressure and also with the hand gear and was found satisfactory.

:- £1. 1. 0.

Arthur W. Oxford
SURVEYOR TO LLOYD'S REGISTER OF SHIPPING.

ate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—

the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly
to be understood that neither the Society nor any Member of any of its Committees is under any circumstances
held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any
Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its
any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
