

"K U T U B T A R I"

150' x 29'-0" x 17.75' to Shade Deck.
10.25' to Main Deck.

The Bombay Surveyors request by cable dated 29th February, temporary Load Line Certificate to enable vessel to be delivered to Andaman Islands.

The vessel, built in 1949, is at present classed + A1 with freeboard For coasting service between Colombo and Tuticorin.

The scantlings and structural arrangements of this ship are suitable only for River and limited coasting service.

IT IS THEREFORE SUBMITTED the Surveyors request the Owners to apply to the National Authority for a certificate to cover voyage outside classification limits.

They should also be informed that retention of class in Andaman Islands would be a difficult and costly matter.

5th March, 1956.
