Dear Sir,

S/T "GENERAL LAS HERAS"

We have to acknowledge receipt of your letter Ref. Classn(S) of May 31st. last and thank you for list of outstanding items to complete engine survey which we are to-day forwarding to Owners for their attention.

With regard to earlier correspondence we would report that we are on the 6th. inst. in receipt of a letter from Owners dated 2-6-60 freely translated reading as follows(underlined ours):-

" In reply to your letter of the 8th. March last we have to inform you that arrangements have been made for the necessary examination and inspections of the "General Las Heras" same to proceed for the renewal of expired certificates.

With above purpose necessary steps have been taken for this work to commence at the end of August next".

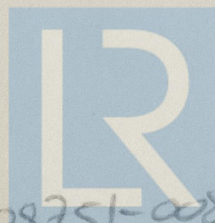

Bearing in mind Owners verbal information that Boilers and Steam generator were to receive attention before the end of June we are taking up this point with them in an attempt to obtain these items as per their indication.-

Yours faithfully

for The Surveyors.
