SINGAPORE,

20th July, 1948.

Dear Sir,

Motorship "NORVEST"

N N DUYONG

I have to acknowledge receipt of your letter of the 6th July relative to the Classification of the Motorship "NORVEST", and in reply to the query contained in the final paragraph of your letter I have to inform you that the cofferdams and oil fuel side tanks in the machinery space have been tested and found satisfactory. I regret that this information was inadvertently omitted from my report.

The Singapore Superintendents of the Anglo-Saxon Petroleum Company have not yet been advised by their Principals about the requirements in connection with the pumping arrangements but they state that arrangements will be made to deal with this matter at the earliest convenient opportunity.

Your instructions regarding the First Entry report on the electrical installation have been noted and arrangements will be made for this to be dealt with at the earliest possible opportunity.

Yours faithfully,

John Wormald

The Secretary,
LONDON.
