

RUEST.

in letter dated 15/8/47. the owner express the  
of retaining the Petrol driven Salvage pump  
for service "to meet our requirements".  
view of the fact that this is a Petrol Tanker  
statement in the First Entry Rpt. that this pump  
as the power driven bilge pump. is the  
?

Would you kindly make an ~~entry~~ endorsement  
what is required by the rules.
