Received from Chief Ship Surveyor

TIP'S NAME Flexible Oil Container  
"DRACONE No.22"

REPORT Lon. No. 145170

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/62.)

Designed Length: 99'-7"

Diameter: 4'-9"

This rubber-proofed nylon fabric flexible oil container is reported to have been constructed under Special Survey in conformity with the approved plans and to the Society's Rules and Regulations where applicable and the Secretary's letters.

The fabric of which the containers are constructed is stated to be in accordance with the Specification for Rubber-coated fabric for collapsible fuel barges dated 7.4.60 amended 7.6.60 and the Surveyors have associated themselves with the testing of the fabric.

IT IS THEREFORE SUBMITTED this Flexible Oil Container is eligible to be classed -  
\*A "Flexible Oil Container" "For Restricted Coasting Service" SUBJECT to "Annual Examination" and to have the notation "Experimental" assigned.

\*A "Flexible Oil Container" "For Restricted Coasting Service".

SUBJECT to "Annual Examination"
