are

GOTHENBURG.

LUNDGREN 17609 - As recommended.

17660 "ISLAS MALVINAS" - This vessel has today been classed "LOCAL" carrying petroleum in bulk with docking date 6,50 Sfj. and machinery notations as recommended by you.

I have to state that in future similar cases the General Declaration must conform to the requirements contained in the Confidential Circular under the heading of "Extracts from pending Revised Instructions to Surveyors."

I would refer you to the "As fitted" plan No. 2359 showing Main and Emergency Switchboard Diagram and shall be glad to receive your comments on the following:-

1) No interlock appears to be shown between the motor-generator sets and the 30 Kw. generator, but it is concluded this is still provided.

ROTHENBURG. (Contd.)

-2-

22nd September, 1950.

2) The Ammeter scales on the above-mentioned plan No. 2359 do not appear to have been amended as desired. I shall be glad if you will advise if this has been done.

WALVA - With reference to your report No. 17671, from which it is noted that Special Survey records with date of 8,50 are recommended, it is concluded that, in view of the principal part of the Special Survey having been held so long ago as 8,49, you satisfied yourselves that no material deterioration had taken place in any of the parts, but I shall be glad if you will confirm this before submitting the case to the Committee.

17683 "SJOBORN" - This vessel has today been classed #100A1 For Towing Services, with machinery notation as recommended by you. I have to request you will be good enough to furnish particulars of the coating applied to the inner surfaces of the bottom of the vessel in accordance with the requirements of the Rules (1950) Section 30, as this information has been omitted from your report.

17700 "ETNEFJELL" - This vessel has today been classed #100A1 "Carrying Petroleum in bulk" with docking date 8,50 with machinery notation as recommended by you.

KOLSHAREN" 17706 RMC - As recommended.

QUAYANA 17707 RMC - As recommended.
