22nd February, 1957.

Dear Sirs,

"NINFEA"

Classn(S)

HWM

I have your letter of the 16th February regarding the proposed reclassification of this ship and in reply I have to say that the bottom shell plating and double bottom tank top plating were reinforced in 1951 in accordance with approved arrangements.

In addition, I have to say that for reclassification the full requirements of a Special Survey (C) should be complied with, and the inspection should be held by an Exclusive Surveyor to this Society.

Yours faithfully,

The Surveyors,  
NAPLES.
