(if partly held)

The case has received the consideration of the Committee from time to time. On 8.12.61 postponement of drydocking and Boiler Survey until 1.62 was approved. On 26th January last the Committee agreed to the Main and Donkey Boiler Surveys being deferred until the end of February, 1962 provided that both surveys were then held in their entirety.

Postponements  
already agreed

On 11th March the Rio de Janeiro Surveyors cabled that the ship was arriving at that port for Docking and Boiler Survey on the 20th of that Month. On 20th March the Committee deferred action for a short time, it being expected that the ship would come under survey that month. On 30th March it was reported that the ship was at Rio de Janeiro awaiting drydock.

New proposal

The Rio de Janeiro Surveyors now cable that the Owners intend to make a further 40 days coastal voyage.
