POSTPONED SURVEYS

SHIP'S NAME

S.S. "NAVEM HEMBURY"
~~M/S~~

BUILT <u>1915</u>
LAST DOCKING 5.60
L.L. CERT. EXPIRES
A.L.L. SURVEY DUE

Survey(s) and/or conditions of class under review.....
Last examination in drydock 5.60.
Main Boiler Survey due 5.61.
Donkey Boiler Survey due 5.61.

Outstanding items (if partly held).....

Postponements already agreed.....
 On 8th December last a proposal to drydock the ship and carry out the Boiler Survey in January, 1962 was approved, but the Committee required the surveys to be held without fail if maintenance of class beyond that date is desired.

New proposal.....
 The Rio de Janiero Surveyors have now been informed by the Owners that no drydock is available until the end of February and the ship is now programmed for drydocking at that time. The Boiler Survey will be held concurrently with the drydocking (21 months after last Docking Survey - 9 months after due date of MBS & ABS).

The ship is 47 years old.

Technical recommendation.....
Refer Committee Minute dated 8.12.61.

Postponement of MBS & DBS for a further period of one month only is submitted for favourable consideration provided the main and donkey boiler surveys are then entirely ~~to~~ - not partly - held
24.1.62.
Ed 24/1/62.
