Dear Sir,

The Steamer "BRANT COUNTY", built 1915 at Rostock, has been taken over by Det Bergenske Dampskibsselskab. As she apparently has been classed in this Society after having been handed over from Germany the Sjøfartskontor have asked us, before issuing their "Trade Certificate", whether her Special Survey No. 2 will become due 8 years from the date of build or from the date of the Special Survey no. 1. In our opinion the Special Survey becomes due in 1923, but we shall be glad to have this confirmed.

We are, Dear Sir,

Yours faithfully

The Surveyors
