LLOYD'S REGISTER OF SHIPPING,

HAMBURG.

22nd March, 1920.

Dear Sir,

Report, Hull & Machinery No.14327.

The reports on the steamer "LENNEP" Act.Ges.Neptun Rostock Ward No.344 and No.32687 in Supplement, have been prepared as it was considered that these Reports might prove of advantage should the question of class of this vessel come up for consideration by the Committee.

Smiliar reports are being prepared of which plans were approved by the Committee and the materials tested by the Society's Surveyors in conformity with the Rule requirements and where a number of Surveys were held on vessels which were completed during the war and since handed over to the Allies.

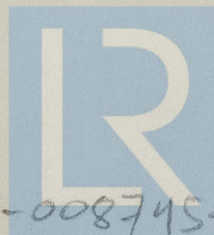

I remain, Dear Sir,

Yours faithfully,

(sgd) Geo.Dykes.

The Secretary,

London.
