21st November, 1928.

Dear Sirs,

M.

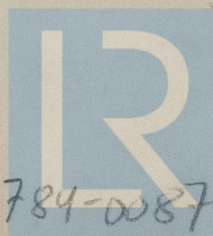

I have to acquaint you that a communication has been received from Messrs. Tito Campanella Societa di Navigazione of your port, the new Owners of the steamer "LEASIDE", stating that this vessel has been altered to a motor ship and fitted with a Sulzer motor of 400 HP, and that her name has been changed to "GALATA".

With regard thereto I have to request that you will be so good as to ascertain whether the new motor has actually been placed on board, and, if so, whether and by whom it was made and fitted, as there is no information on the subject in this Office. You should also ascertain and state whether the Owner desire to retain the classification of the vessel with this Society.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,
GENOA.
