My dear Storey,

We seem to have slipped up regarding the Special Survey Request Form for Cochrane's Yard Nos. 1261/2. The Engineers' Department have noted it and seem to have authorised the Machinery Survey, but somehow the two Forms were not passed into my room for authorisation.

I enclose the appropriate document herewith so this will now put the matter in order.

Thanking you for drawing attention to the matter, and with kind regards.

Yours sincerely,

L. Storey, Esq.,

HULL.
