Oil Engines

The Modified Survey of the Oil Engines of this vessel became due in November 1928, and has been partly held.

A letter has now been received from the Owner intimating that as the other vessels of his fleet are classed with the Germanischer Lloyd, he has decided to transfer the classification of this vessel to that Society.

The case received the consideration of the Classing Committee on Tuesday, the 24th instant, when it was decided to give instructions for the vessel's class to be withdrawn from the Register Book, and three dots (...) inserted in lieu, indicating withdrawal of class at Owner's request.

J.H.
26th September, 1929.
