## INTERNATIONAL CONVENTION 1930 RESPECTING LOAD LINES.

### RENEWAL SURVEY IN ACCORDANCE WITH ART. 14 OF THE CONVENTION.

(Port) LISBON

(Date) 20th. October 1949

I have to report that I have surveyed the Steamer  
P U N G U E of Lobito O. N. E. 859  
on this date.

I have compared the arrangements on board the ship with those given in the original freeboard report and I have found them to be in agreement therewith or equivalent thereto, and the whole to be in efficient condition.  
The requirements of a Special Survey have now been carried out and a fresh notation of SS.Lis.10-49 recommended

The freeboard marking has been verified and found to agree with the freeboards given <sup>new</sup> on certificate No. - dated 20th. October 1949 ~~which is returned herewith~~ expiring 20th. April 1954  
The old certificates will be forwarded when received from the Authorities.
