Name: "RIO DAS ANTAS" and "LLOYD CUARTO"

With further reference to the correspondence
regarding the overdue surveys on the above named vessels I
do advise that a reply has been received from the
office today in which they state that both vessels are now
en route from the North of Brazil and are expected in
port at the beginning of February and that this office
will be informed of their arrival and facilities offered
in connection with the carrying out of the overdue surveys.

Whether reliance can be placed on this statement
remains to be seen.

You will be kept advised from this office.
