I am in receipt of your letter of the 18th with further reference to your earlier comm- n of the 8th October, regarding the Screwshaft r surveys.

I regret to inform you that it seems unlikely owners will give a definite reply to the sever- ers written to them from this office, on this In addition personal calls have failed to the Director in charge and his Secretary only the statement that Sr. Pedro Brando (The Director) "resolving the matter". Promises by the y that Sr. Brando will get in touch with this ave not been fulfilled.

A further communication has been sent to the oday and it is suggested that they be given ortunity to reply. Should a reply not be before the end of this week I will write you
