Dec/33

In ~~1934~~, when this vessel was submitted for classification with this Society, certain alterations (see San Francisco Rpt. 7188) were carried out, including the conversion of the ship for oil fuel, which included the building in of settling tanks. Additional fresh water tanks were also fitted and certain other alterations effected. Beyond this there is no record whatever of the ship having been reconstructed.

Submitted Mr. Griffiths be advised accordingly.
