THIS IS TO CERTIFY

that the Society's Surveyors at Hull report
that the necessary General Examination for
class maintenance of the Steamer "SEA NYMPH",
246 tons, No. 63039 in the Society's Register
Book, has been carried out to their satisfaction,
and accordingly the Committee of this Society
are continuing her class with fresh record of
"Examined 12,46" in the Register Book.

A Load Line Renewal Survey was held concurrently
with the above inspection, and a Load Line
Certificate, valid until 31st December, 1947,
was issued to the ship last month.

3rd January, 1947.

Clerk to the
Classification Committee.
