# Lloyd's Register of Shipping.

Port of HULL.

24th December, 1946.

This is to Certify that I have

Surveyed the Boiler and Machinery of the s.s. "SEA Nymph", 246 tons gross of Hull whilst lying afloat in Victoria Dock and in Union Dry Dock, Hull on the 30th November, 1946 and subsequently for Docking, Examination of Screwshaft and General Examination of Boiler, and that I have transmitted to the Committee of Lloyd's Register of Shipping, London, a Report stating that all recommendations made by me in connection therewith have been carried out to my satisfaction, and that I have

Recommended that the ~~records~~ machinery have fresh record of T.S. 12,46, subject to the screwshaft being again examined by 12,47, and to the boiler lower main stays being further examined and dealt with as necessary at the next Boiler Survey due 2,47.

~~to be made in the Register Book in the case of this vessel.~~

Donkey Boiler not to be used.

*L. Tait Williams*

Engineer Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—

"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
