

# POSTPONED SURVEYS.

Case of the Steel Sc. "SMITH'S DOCK No.3"  
1662 in Reg. Bk. 39/ tons, Built 1911-12.  
ed \*100A1 Owners Smith's Dock Co. Ltd.  
For Towing Purposes  
4.14. Port of Registry Middlesbrough.  
\*LMC 10.11. T.S.4.14.

by due Special Survey No.1 due December, 1915.  
Screw Shaft Survey due 4.17.  
Boiler Survey due December, 1917.

This case has received the consideration of the Committee from  
to time, and action has been deferred in view of the vessel being  
the service of the Government.

In answer to enquiry the Middlesbrough Surveyors wrote in the  
file of last month they had been informed by the Owners the vessel  
on her way from Scapa Flow, and that on her arrival they would  
decide whether to maintain her class. In the circumstances the  
Committee deferred action in the matter for a short time.

In reply to further enquiry the Middlesbrough Surveyors now  
state that nothing is to be done in this case until the opportunity  
arises for docking the vessel, which it is anticipated will take  
place shortly.
